

Bolivar Peninsula Special Utility District  
**Update on Water System for January 6, 2009**

**BOIL WATER NOTIFICATION**

Residents of the entire Peninsula are under a boil water notification until further notice. Once the boil water is lifted, residents will be notified on the website, by postings in town, and through the media.

**BILLING**

All customers that have water service restored to their homes and/or businesses will be billed for service on the 30<sup>th</sup> of that month. Some bills may be estimated and it will be indicated on the customer's bill.

**Customers that are using water and have not yet applied for service should be advised that meters are being pulled at sites that have not yet signed up for service. If service is available in your subdivision and you would like service reinstatement, you are required to submit a new application form prior to using water. Once the meter is pulled it may take several days to have it re-installed. Please call the office at (409) 296-3475 if you have any questions. (Please see "Applying for Water Service" below.)**

**CUSTOMER SERVICE INSPECTIONS**

All customers will be required to have a customer service inspection performed at their service location within sixty (60) days of service restoration. This is a State requirement that requires us to ensure that no lead solder is used in plumbing and that proper backflow prevention devices are in place where needed. For most residential customers, an atmospheric vacuum breaker (AVB) is required on each hose bib to prevent backflow to the water system. AVB's can be purchased at any hardware store and they are available at the District office for \$4.00 each. Please ensure that an AVB is installed on every hose bib at your home before the inspection is scheduled. After service is restored to your home, you will be contacted by District personnel to schedule the inspection. After the inspection is performed, you will be billed \$50. (This fee includes \$25 for the inspection and a \$25 trip fee). Instead of having the District perform the customer service inspection, customers may prefer to use a licensed inspector of their choice and submit the required form to the District. If using someone other than District employees to perform the inspection, a copy of the inspector's valid State license must be submitted with the inspection form to the District or it will not be accepted. Customers can look at the TCEQ's website at [http://www.tceq.state.tx.us/nav/main/business\\_licensing.html](http://www.tceq.state.tx.us/nav/main/business_licensing.html) to find licensed inspectors in the area.

**REPORTING WATER LEAKS**

As we work to restore water service, valves are cracked open in areas and leaks are repaired. Should you see a water leak, please call the District office at (409) 296-3475. The District has a 24 hour answering service that will take a message and dispatch the information to District personnel. Your help in reporting leaks is appreciated!

**METER LOCATIONS**

**WE NEED YOUR HELP!** If you know where your water meter was located, please mark the location with a flag or sign. Flags are available in a bucket near the front door at the District office in Winnie and in a bucket near the front door at the District's damaged office in Crystal Beach.

**POLICY FOR RV'S AND FEMA TRAILERS**

Please note that only one RV or FEMA Trailer can be served by a residential meter. Also, a reduced tap fee is available for customers that will require a new tap to serve a FEMA trailer. Customers should be aware that allowing more than one RV or FEMA trailer to use a residential service meter will result in termination of service. Please call the District office at (409) 296-3475 if you have questions regarding these policies.

**FILL STATION**

The District will allow customers that have not yet had water service reinstated at their homes to fill containers (up to 300 gallons) at the fill station at the District office located at 1840 Highway 87 (at Kahla Road) on the days and times below. Proof of residency is required and can include a driver's license or a copy of a utility bill indicating your service address. (You are required to bring proof of residency with you.) **PLEASE NOTE:** The fill station at the Singing Sands plant site is now closed. The only location at this time to fill containers is at the District office.

**Tuesday:** 8:00 a.m. until 10:30 a.m.

**Friday:** 7:30 a.m. until 3:00 p.m.

**Saturday:** 9:00 a.m. until 11:00 a.m.

**OFFICE LOCATION**

Physical Address: 524 FM 1406, Winnie, TX 77665

Mailing Address: PO Box 1398, Crystal Beach, TX 77650

Telephone: (409) 296-3475 Fax: (409) 296-2165

OFFICE HOURS: Monday-Friday 7:30 a.m. – 4:00 p.m.

Customers that plan on rebuilding do not need to disconnect water service. Customers that do not disconnect service will not be charged for reinstallation when service is requested in the future. However, customers that do request service disconnection at this time will be required to pay all applicable fees when future service is requested. Customers will not receive a bill until water service is restored to their home.

**APPLYING FOR WATER SERVICE**

If the schedule indicates we are accepting applications from your area and you would like service restored as soon as available, please complete a new service application and submit it to the District office (see location and hours below). We will mail you a letter that includes a new service application and utility easement form once they are being accepted from your area. The application and easement form must be completely filled out (including the legal description of property) and must be notarized. Notaries are available at the office in Winnie (524 FM 1406: next to the Winnie Feed and Supply Store). The application can be submitted to our office by mail or dropped off in person. The application is also available on the Forms page of the District website.

FRIDAY, JANUARY 9, 2009 AND FRIDAY, JANUARY 16, 2009, A CUSTOMER SERVICE REPRESENTATIVE WILL BE AVAILABLE TO ACCEPT SERVICE APPLICATIONS AT THE WAREHOUSE AT THE CRYSTAL BEACH OFFICE AT 1840 HIGHWAY 87. SHE CAN ALSO PROVIDE NOTARY SERVICE FOR YOUR APPLICATION. PLEASE ENSURE THE APPLICATION AND EASEMENT FORM ARE COMPLETELY FILLED OUT, INCLUDING THE LEGAL DESCRIPTION OF YOUR PROPERTY. LEGAL DESCRIPTIONS CAN BE OBTAINED ON THE GALVESTON CENTRAL APPRAISAL DISTRICT WEBSITE AT [WWW.GALVESTONCAD.ORG](http://WWW.GALVESTONCAD.ORG).

**SERVICE RESTORATION SCHEDULE**

See next 2 pages.

*\*Service schedule estimated and subject to change due to weather or other unforeseen issues.*

### **NOTE TO BEACH FRONT AND SECOND ROW HOME OWNERS**

In some subdivisions the water lines had to be cut and capped at the first or second row from the beach. This was the only way to expedite service restoration to the majority of homes in the subdivision. If you notice that service is available to your subdivision and you are not sure if it is available at your home, please call the District office at (409) 296-3475.

Although service is restored (or will soon be restored) to the subdivisions listed below, the streets indicated do not/will not have water service available until a later date:

1. Singing Sands Subdivision: No service available on Tarpon Way.
2. Rancho Carribe Subdivision: No service is available to the last 4 houses on the east side of Villa Drive.
3. Bluewater Subdivision (scheduled for December 11, 2008): No service will be available on Bluewater Road.
4. Sandcastle Subdivision: No service available on Sandcastle Lane.
5. Lafitte's Landing: No service available on Treasure Lane.
6. Emerald I: No service available on Emerald Drive.
7. Cloon: No service available on Lazy Lane (the service to Lazy Lane was an extension from a water line in Emerald Beach I that no longer exists). Also, service is not available on Gulf Road.
8. Sandpiper Subdivision: No service available on beach side of Trinidad.
9. Pearl Beach: No service available on Gilmore.
10. Cobbs Cove: No service available to some homes on Greg Street.
